We get together with 6 other couples once a month and this makes it even more fun. We recommend all three of these games for your next dinner!

About

About Around The Table Games Creator and owner of Around the Table games, Beth Daniels was blessed to have her grandparents and great-grandparents in her life for decades. Over the years, she realized that the more she learned about them, the better she understood herself. As a result, she treats the stories they shared as priceless gifts that she is determined to pass on to her own children.

In fact, the first “version” Daniels made of her game was a simple pad of paper passed around the table at a Christmas family dinner where she invited everyone to jot down questions for Great Grandma.

As an Occupational Therapist, wife and mother of two, Daniels understands all too well how active lives and busy schedules can prevent families from sharing the anecdotes and folklore that make a family a family. That’s why she created Family Talk and Grandparent Talk games as a fun way for families to reconnect.
