8 of 10: Family Talk™ by Around The Table™ Games

Why We Love It: Get the conversation flowing with this thought-provoking game. Pick a card, ask the question and learn new, funny things about your family. **\$9.99**

Reviewer Raves: "What a great way for families to interact! We all looked forward to sitting down at the table every day because of it. I enjoyed telling my children about my favorite things (and least favorite) while learning more about their likes and dislikes. It also gave us as parents an easy way to talk to our children about more important things since there was a channel open for conversation."
