**My thoughts:** I love these. So many times kids get bored and just want to hang and watch TV. These games could spark lots of fun between friends and even more fun for a family night. I always loved sitting around the table at dinner time chatting about our days growing up. I'm sure there were times my parents want to ask us questions but weren't sure which ones to ask! LOL These cards could easily get the ball rolling and could turn into fun.

Great stocking stuffer for just about anyone!
